PROFESSIONAL SUMMARY

Front-End Engineer with 3+ years of experience building fast, scalable and user-centered web applications, with React.js as the primary technology stack. Skilled in Next.js, TypeScript, Redux and micro-frontend architecture. Proven record of translating UX and business requirements into clean, maintainable code, and of improving performance through refactoring, code reviews and debugging. Experienced in Agile, cross-functional collaboration with design and product teams.

WORK HISTORY

IkTex | Front-end Developer

Baku • 02/2025 – Present

- Implemented micro-frontend modules, improving scalability and enabling independent deployment of application features
- Delivered user-friendly UI components in close collaboration with design teams, ensuring pixel-accurate implementation
- Performed code reviews and optimized front-end performance across the product

Cheveek | Front-end Developer

Baku • 08/2023 – 02/2025

- Developed core features for an enterprise ERP system in React.js, translating UX and business requirements into elegant code solutions
- Built complex front-end calculation logic and table dependency handling for data-intensive views
- Applied Agile methodology principles to improve delivery speed and project performance
- Conducted code reviews and systematic debugging, raising overall code quality

Vabiss | Front-end Developer

Baku

- Refactored HTML, CSS and JavaScript codebase, enhancing performance and long-term maintainability
- Developed reusable React components, streamlining development processes across projects
- Created custom animations and transitions for engaging interfaces, increasing customer satisfaction
- Resolved production issues by identifying root causes and implementing fixes, minimizing downtime for end users

SKILLS

- **Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3/SASS
- **Frameworks:** React.js, Next.js, Redux
- **UI Libraries:** Material UI, Ant Design, Tailwind CSS, Bootstrap 5
- **Architecture & Practices:** Micro-Frontend, Responsive Design, Agile/Scrum, Code Reviews, Debugging
- **Soft Skills:** Communication, Problem-Solving, Teamwork
